Education

University of Bern
Ph.D. Computer Science
March 2022 · Switzerland

University of Paderborn
M.Sc. in Computer Science
March 2018 · Germany

University of Mumbai
B.E. in Computer Science
May 2011 · India

Experience

University of Applied Sciences and Arts Northwestern Switzerland (FHNW) Mar 2022 – Present
Senior Researcher Brugg, CH

- Co-created program vision and solution roadmaps for applied innovation projects with SMEs/startups across energy, mobility, and AI domains.
- Led Agile teams to translate market/customer needs into actionable requirements and technical solutions aligned with long-term sustainability and digital goals.
- Coached Product Owners and stakeholders to improve backlog prioritization, cross-team coordination, and value delivery across Agile Release Trains.
- Ensured product quality and delivery using structured KPIs/OKRs; supported feasibility, business value, and gap assessments to guide early-stage product decisions.
- Secured project funding and coordinated release plans with internal/external partners.
- Delivered workshops, university courses, and capability-building programs on Digitalisation, RE, and Software Construction.

University of Bern Feb 2018 – Feb 2022
Research Assistant Bern, CH

- Mentored 50+ students/year on software projects from ideation through implementation, testing, and delivery.
- Delivered seminars on Software Engineering research and practical software development methods.

ActiDo GmbH Jan 2017 – Jan 2018
Web Developer Paderborn, DE

- Built responsive web front-ends using React and HTML/CSS based on detailed UI/UX specifications.

University of Paderborn Jan 2016 – Jan 2018
Research Assistant Paderborn, DE

- Gathered requirements and developed a single-page sports application using Angular and Django Rest Framework for Volksbank clients.

Infosys Ltd. Jan 2012 – Jan 2014
Systems Engineer Pune, IN

- Worked on product lifecycle platforms (Windchill) and delivered enterprise web applications for telecom clients (e.g., Cox Communications).

Miscellaneous & Awards

- **Associate Member** of the International Requirements Engineering Board (IREB); leads the survey team of the Special Interest Group on Digital Sustainability.
- **Local Organizer** XP'25 – 26th International Conference on Agile Software Development.
- **Best Reviewer Award** REFSQ 2024 & 2025.
- Reviewer/PC member at IEEE RE, REFSQ, XP, TOSEM, EMSE, IST, ICT4S, SE-SRC (2022–2026).
- Co-organizer of the 9th & 10th International Workshop on Crowd-Based Requirements Engineering (2025, 2026).
